

## 1. The history of Turnbull College

Turnbull Tech Training College was established on October 2nd, 2017, nearby Kihesa Mosque Street in Iringa Region. And, the training was commenced in a short time after its commencement; The College started to offer courses in computer and a secretarial course. The goal was to assist youth and other people, especially the youths around Iringa region and further, who had almost zero education. Now, Turnbull Tech. Training College is fully registered by the Government of Tanzania under NACTVET with registration number: **REG/NACTVET/0762P**.

## 2. The location of the College

Turnbull Tech. Training College is located about 2 kilometers north of the town centre; it is located nearby the main road of Iringa to Dodoma. In this sense, it has been easier for students and staff to get access of transports and other important services in the public markets and shops around.

### 5.Intakes

At Turnbull Tech. Training College, we have two intakes: the first intake starts January, and the second intake starts July.

### 6.The Turnbull Scholarship Foundation.

This year, Turnbull Tech. Training College has introduced, "A Turnbull Scholarship Foundation". The main goal of TSF is to improve the educational opportunities by providing support to the vulnerable students and to bring back their happiness as students or youths in the community of Tanzania. Here, at Turnbull College sponsored students receive many opportunities to develop necessary life skills that can be applied throughout their lives. The Education, that they receive, will help them become quality human resources for the betterment of their own families and the nation as a whole.

### 7.Plans for Future

As an educational Institutional, Turnbull Tech. Training College has its future plans. The College plans are:

- To enrol more vulnerable and needy students and find more scholarships for those students.
- To find money for such students and to be able to get National Health Insurance (NHI).
- To be able to offer basic/essential tools to each graduate so that they can be able to employ themselves after their graduation.
- To offer better education that will enable them to fit in the employment market.
- In the future, to find more sponsorship so that we will be able to help the poor families of the sponsored students with some basic needs.
- To show our commitment that we aim to make sure that our sponsored students reach their goals of life after graduating.

### 8.Prayers and financially supporting to our vulnerable students

We would like you to support our Vulnerable students at Turnbull College by your prayers and financial support. You can visit the college website and read through the fee structure on the financial costs for training one student at Turnbull Tech. Training College per course. So, if you are interested in financially supporting to our students at Turnbull Tech. Training College. Here are the ways that you can do it.
